## A TROLL LEARNING CENTER

Learning about money has never been such fun! This comprehensive program consists of three tutorial sections plus a unique simulation—all brimming with animation and color.

In *Counting Money*, lively tutorials help children learn how to count all kinds of coins and bills. In *Making Change*, children are shown how to count out change from a purchase price to the amount given. The third section introduces *Decimal Notation*. And a special simulation allows children to go on a *"Silly Shopping Spree."*

**THIS LEARNING CENTER CONTAINS:**

- a MICRO-SOFTWARE program disk
- a User's Guide

**TROLL ASSOCIATES**
